# New Look, Same Bank

## Why We Moved to bfh.bank?

At Bank of the Flint Hills, your security and trust are always our top priorities.

That's why we've upgraded our website and email addresses from **bankflinthills.com** to **bfh.bank**.

This change makes your online banking experience even safer and gives you an easy way to know you're truly dealing with us—not a scammer.

## What is .Bank?

Think of .Bank like a gated neighborhood online. It's a web and email domain that's exclusively available to verified banks—no one else can use it. That means when you see BFH.Bank, you can be confident you're in the right place.

## Why is .Bank More Secure?

- **Stronger protection against fraud:** Only banks can use .Bank, which helps block phishing and spoofing attempts.
- **Built-in safeguards:** .Bank domains require advanced security protocols that go beyond what .com offers.
- **Easy to spot:** If it ends in .Bank, it's us. If it doesn't—it's not.

## What Does This Mean for You?

- Our old **bankflinthills.com** website will automatically redirect you to **bfh.bank**.
- Emails sent to our old addresses will still reach us, but we encourage you to update your contacts with our new **@bfh.bank** email addresses.
- Please update any bookmarks or saved links with our new **bfh.bank** web address.

\*Beginning in December, we made the thoughtful decision to close the drive-through lane at our Main Bank in Wamego. Over time, we saw that the drive-through had very little traffic, and staffing both the drive-through and the lobby became increasingly challenging. By focusing our team in one place, we're able to better train our staff and provide the friendly, attentive service our lobby customers deserve. We appreciate your understanding and always look forward to visiting with you inside the bank.
